# OUR COMPANY

# ABOUT US

At PT Dinamika Reka Nusantara, we are dedicated to providing cutting-edge Fluid Processing Solutions that empower the Engineering and Manufacturing sectors to achieve unprecedented levels of productivity and cost efficiency. As a reputable and fully licensed entity, we are committed to delivering excellence in every aspect of our operations.

## OUR COMMITMENT TO EXCELLENCE

We take pride in our legal standing and the trust bestowed upon us by regulatory authorities. Our company is officially recognized and licensed under

- KEMENKUMHAM No. AHU-0059768.AH.01.01 – 2023.
- Business Registration Number (NIB) is 2308230086878
- NPWP (Nomor Pokok Wajib Pajak) with the number 39.965.080.3-413.000.

This recognition not only solidifies our status as a trusted partner but also underlines our commitment to adhering to the highest standards of legality and compliance.

## OUR INFRASTRUCTURE

To cater to the needs of our esteemed clients, we have established a state-of-the-art facility spanning an impressive 1,215 square meters. Located at Jl. Sukamukti No. 30, Kelurahan Sukamukti, Kecamatan Bojongmangu, Kabupaten Bekasi, West Java, combines both office space and a warehouse.

It serves as the cornerstone of our operations, enabling us to deliver top-notch solutions efficiently and effectively.

At PT Dinamika Reka Nusantara, our commitment to excellence, integrity, and innovation drives us to continually raise the bar in the field of Fluid Processing Solutions. Join us on this journey, and let's shape the future of your business together.

## VISION & MISSION

OUR SERVICES

# MANUFACTURING

Aiming to increase local content, PT Dinamika Reka Nusantara produces various cartridge filters, filtration systems and fluid processing equipment (liquid & gas). Together with that, by producing filters domestically, it is our added value to continue to prioritize speed in responding to client needs and make it easier to deal with problems that occur to clients.

At the same time we strive to continue to maintain product quality by continuing to make continuous improvements in every process that is carried out.

We provide Filters & Equipment to serve the Oil & Gas Industry, Power Generation, Petrochemical, Fertilizer, General Industry, Food & Beverage Industry, Pharmaceutical Industry.

OUR SERVICES

# ENGINEERING

As an engineering company, PT Dinamika Reka Nusantara conducts scientific studies and makes technical designs/master plans related to client needs.

The resulting documents are:

### **Pre-Engineering**

Documents that the client needs to turn into a technical idea that can be tested for feasibility.

### **Pre – FEED (Pre Front End Engineering Design)**

A conceptual document that can prove technical and economic feasibility

### **FEED (Front End Engineering Design)**

The initial design of a project is basic and not too detailed, although it can already be used to estimate system/equipment requirements including the costs required.

### **DED (Detail Engineering Design)**

A very detailed design that describes the project requirements for every aspect of the need, be it mechanical, electrical, instrument, civil works etc.

## OUR SERVICES

# TRADING

As a sales company as well as a manufacturing company, PT Dinamika Reka Nusantara works closely with Main Distributors to carry out marketing activities including sales activities in Indonesia. As for selling outside Indonesia, PT Dinamika Reka Nusantara does it by dealing directly with overseas clients.

As a trading company, PT Dinamika Reka Nusantara also sells various goods, both parts, equipment and systems related to processing of hydrocarbons.

# CONTACT US

Thank you for considering Dinamika Reka Nusantara for your filtration solution needs. We are here to assist you and provide the best solutions tailored to your requirements.
